OBJECTIVE

A self-taught technologist who started from scratch and learned by building real projects. I design, develop, and maintain web solutions with hands-on experience across WordPress, PHP, frontend, servers, and infrastructure. I learn fast, adapt quickly to new tools and technologies, and take ownership of problems until they're solved. My focus is on reliability, continuous learning, and delivering practical results.

SKILLS

Web Development

WordPress (Themes, Plugins, Custom Development)

HTML, CSS, JS, PHP, jQuery PostgreSQL, MySQL

Bootstrap, Tailwind CSS Laravel, Next.js

Shopify, Magento (Themes, Plugins, Custom Development)

Backend & Servers

Incident Response & Recovery Kali Linux (basic vulnerability checks)

Networking Fundamentals (DNS, ports, routing)

Soft Skills

Team Leadership, Communication Quick Learning

Client Handling, Project Management HR Coordination

Indian Business and legal Knowledge

EXPERIENCE

2023 - Present **Freelance / Solopreneur - AscendDigital Technologies Pvt Ltd**

- Built and managed the company from scratch, handling WordPress development, PHP customization, frontend work, hosting, and server management
- Delivered 30+ projects including business websites, portfolios, and eCommerce platforms
- Customized WordPress themes and plugins using PHP, MySQL, HTML, CSS, and jQuery
- Managed VPS hosting, domain setup, DNS, SSL, backups, and migrations
- Handled real-world production issues, including site downtime, performance bottlenecks, and security incidents
- Investigated and mitigated server attacks (brute force, malware injections, unauthorized access)
- Applied basic Kali Linux tools for vulnerability checks during client VPS incidents
- Implemented firewall rules, SSH hardening, access control, and security best practices
- Used AI-assisted tools to speed up debugging, research, and incident resolution, with hands-on validation
- Built internal tools using Laravel and gained strong understanding of structured backend systems
- Managed client communication, delivery timelines, quality assurance, and ongoing maintenance

2021 - 2023 **Web Designer & Digital Marketer - GovReports Australia, Coimbatore Office) - Full Time**

- Worked with a large international team to design and maintain WordPress and custom websites
- Developed static and dynamic web pages and supported internal tools
- Assisted in maintaining Sophos Firewall, including rule monitoring and VPN-based secure access
- Supported VPN configuration and secure RDP access for internal systems
- Gained exposure to load balancing concepts and infrastructure coordination
- Helped troubleshoot backend, hosting, and access-related issues
- Supported HR and finance operations when required, strengthening process discipline and documentation

2019 - 2021 **Web Designer - Wilfred Productions - Freelance/After College Hours (1 PM to 8 PM)**

- Designed and maintained client websites using WordPress, HTML, and CSS
- Handled blog management, layout updates, and basic SEO setup
- Worked directly with clients and incorporated feedback during delivery cycles
- Gained hands-on experience in project execution and client communication during college
